INL Pride Month - Employee spotlight social media posts

June 6, 2018

"It's refreshing to work in a place that values inclusion and creating a work environment where all feel valued. INL not only cares about the work our employees complete, but also how they treat others while getting that work done." - Theron Case McGriff, Performance Management Department manager and Prism co-president #PrideMonth

June 11, 2018

"We need inclusive diversity to drive creative solutions in the technology space. As individuals, we should all practice self-awareness and empathy. And remember what Eleanor Roosevelt said: 'No one can make you feel inferior without your consent.'" - Dr. Tammie Borders, Data and Software Science manager #PrideMonth
